

## GroupMe

To join GroupMe click on the link below that goes with your class after reading the following statements.

The purpose of GroupMe is to make it easier for you give and get help outside of class. I will be a part of the message thread and occasionally participate in the discussion. The more you use the group message to help each other the more you will learn.

The expectations for the class GroupMe are as follows:

- Your username will be your name
- If you post a message it is to be class-related, a few examples:
  - Questions about an assignment / project / lecture / video from class
  - Offering another classmate(s) help in the class
  - Getting or giving feedback on something you have done relating to class
  - An interesting video/meme/article/website about a physics topic (school appropriate)
- All post will be school appropriate
- Bullying will not be tolerated, racist, sexist, homophobic or other post inappropriate post directed to a person or group of people will not be tolerated.
- Refrain from political talk, memes, jokes
